## CONCLUSION

### Reflection Questions:

- *Maybe you are here this morning and you need to experience God's grace this morning in your life. As I mentioned before, our salvation is by grace through repentance and faith. Won't you receive His grace by accepting His Son, Jesus Christ, if you have not done so already?*
- *Maybe you are here and need to come and thank God that He really does deeply love you and accepts you just as you are? No matter who you are (man or woman or young or old, tall or short, attended our church a long time or short time) do you need to come and change your thinking about God's grace today in accordance to His Word, the Bible?*
